

ROCKY FORGE NEWSLETTER

Notes from the Forgemaster

Our next Hammer-In will be this coming Saturday, November 8th. Coffee, doughnuts and a social time until 9:00.

After missing the October meeting everyone should be anxious to shape some hot metal, maybe you have some creative ideas in mind.

Bring a sack lunch and your tool bucket.

Think about volunteering for the “Illiana Christmas in the Village”, scheduled for December 5th and 6th. This is a very popular event for the local communities and beyond and the blacksmith shop is a big part of the event.

Illiana has scheduled November 22nd as a clean up and decorating day. We blacksmiths need to do our part.

The IBA has ask if we could host a state meeting the 3rd weekend of April or October 2026. Give that some thought for input this Saturday.

Hope to see all of you on Saturday.

Ted
