Volume 24, Issue 12 – December, 2025

Rocky Forgers,

No newsletter this month. AnvilDan is working too much.

Due to the weather going to be dangerously cold, we have made the decision to cancel the meeting this month. It's a couple of cancellations this fall but that's how it goes.

Ted has some fine blacksmithing equipment for sale, trying to clean the house so he can buy some more. Tongs, hammers, swage blocks, anvils... Hit him up and he'll make you a great deal I'm sure.

Merry Christmas!

Dan
